

**Company Name:** ValuEnable (A Zerodha backed Insurtech)

## **Position: Data Scientist**

We are seeking a highly skilled Data Scientist to lead our Data Analytics team. The individual will work directly with the co-founders and be responsible for ongoing projects involving predictive modelling, **AI-driven automation** and lead project pipeline on other generative AI applications.

**The Data Scientist** will be responsible for,

- Lead ongoing projects on various AI/ML applications to deliver desired business objectives
- Work on **NLP and AI-driven automation** to improve customer interactions (e.g., chatbots, sentiment analysis).
- Build and maintain **data pipelines and dashboards** for real-time analytics and reporting.
- Guide a team of junior analysts on sub-tasks to ensure on-time project delivery
- Work closely with cross-functional teams, including engineering, product, and business
- Conduct **A/B testing** and statistical analysis to measure the effectiveness of business strategies.
- Stay up-to-date with the latest trends in **AI, InsurTech, and data science** to drive innovation.

The **Data Scientist** is required to have,

- Strong proficiency in **Python, SQL, and data visualization tools** (e.g., Tableau, Power BI).
- Minimum 5 years experience in Data science or related functions
- Experience with **machine learning frameworks** (TensorFlow, PyTorch, Scikit-Learn)
- Expertise in **predictive modeling, statistical analysis, and data wrangling**.
- Understanding of **insurance data, underwriting, claims, and fraud analytics** (preferred).
- Familiarity with **cloud platforms** (AWS, GCP, or Azure) for data engineering and model deployment.
- Experience with **NLP, LLMs, and AI-driven customer support solutions**
- Experience in leading teams for at least 2 years
- Strong business communication skills

## **Why Should You Consider Working (In this Role!) With ValuEnable?**

- We are a 3.7-year-old, Zerodha backed, well-funded Insurtech, solving a USD 40 Bn per year customer retention problem for insurers. We work with 9 of the top 10 private Life insurers in the country.
- We are a fast-growing company dedicated to transforming the insurance industry through **data-driven insights and AI-powered solutions**.
- A dynamic, fast-paced environment with **opportunities for growth and innovation**.
